Borrar cita

The screenshot shows a web application interface on the left and the Chrome DevTools network panel on the right. The web application has a header with a green and red gradient and a title 'Citas actuales'. Below the title is a card for an appointment with the following details: Cita, Nombre: luis1, Apellido: user, Servicio: rasurada, Precio: 20000, Fecha: 2022-10-09 13:00:00, and Estado: apartado. A red 'Borrar' button is at the bottom of the card. The Chrome DevTools network panel shows a single request being made, with a message indicating that the network activity is being recorded and that a request should be made by pressing Ctrl+R to reload the page. A link for 'Más información' is also visible.
